The club enjoyed a great evening of dinner and scary adventure at Discovery Harbour's famous 'Pumpkinferno' with our spouses in attendance. Thanks to Drew for organizing!

International &/Or Regional Report

The goal of our public relations efforts is to project the mission, vision, beliefs & activities of Y's Men's Club to a wider and diverse world. It will help establish a strong presence of the Club in the communities we serve by integrating into those communities & working closer with the people. By definition, public relations should be the process of creating a favourable public image for an entity by deliberately sharing positive news and information about it. Y's Men public relations transcends the standard definitional boundaries to elevate PR to a higher realm. We bring about public relations with our service to community & place it at the centre of PR efforts. The task of declaring the message of Y's Men's Club in 65 countries with 1,500 clubs and 25,000 members is an honorable calling. It is a great privilege as well as an enormous task. The activities of the Club cover a broad spectrum of events: fun & fellowship, community service, world understanding & brotherhood, self-development, leadership & youth development, family involvement & enjoyment, & spirit of volunteerism. News & information of these ventures need to reach members of the Clubs, the population they serve & all the stakeholders. It must be accomplished with sincerity & dedication, rising above superficialities that comes with the territory. That is the mandate of the public relations at Y's Men's Club.
